Box 516, Dept. 191C

Dear Mr. Patterson:

This office has received and reviewed the documentation provided by McDonnell Aircraft Company on July 18, 1983. It appears that the waste confinement system in combination with the waste water treatment unit can adequately contain and treat a spill of hazardous waste in the drum storage area. If we have additional questions we will contact you.

If you have any questions or if we can be of assistance to you, please don't hesitate to contact this office.

Sincerely,
